

### **Equine First Aid Kit:**

CVS recommends being prepared for an emergency.  
The following items should be included in your first aid kit:

<b>Oral Medications and Wound Treatment</b>	<b>Bandaging Material</b>	<b>Instruments</b>
Banamine Paste *	Vet Wrap	Digital Thermometer
Bute powder or paste *	Gauze	Stethoscope
Electrolyte powder or paste	Telfa Pads	Hoof Pick
Antibiotics (Tucoprim) *	Stretch Gauze	Flashlight
Wound Ointment	Polo Wraps	Latex Gloves
Antibiotic Spray	Leg Quilts	Scissors
Aluspray (Liquid Bandage)		
Betadine Scrub		

\* Previously prescribed by Dr. Winter

Some medications mask symptoms and can interfere with a diagnosis. It is important to discuss the situation with Dr. Winter prior to administering any medication.
